REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Winter et al (US 2,890,112), cited in the previous office action, teaches the electrolysis step but does not teach or suggest returning a molten salt from the electrolysis to the reactor vessel. The provisional double patenting rejections have also been withdrawn because 10/575,224 and 10/590,863 have been abandoned and 11/992,162, 11/991,072, 10/589,879 and 10/589,949 are still pending and were filed after the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on 10/10/2003 and 10/02/2004. It is noted, however, that applicant has not filed a certified copy of either of the Japanese applications as required by 35 U.S.C. 119(b).
